

A polite notice from BOSA

Bishopston and St Andrews Traffic and Parking Group (BOSA)

-  Is your vehicle causing an obstruction on the pavement?
Can pushchairs, wheelchairs, mobility scooters or pedestrians pass easily?
-  Is there clear road access for emergency vehicles?
Can you park as close to the kerb and ensure your wheels are parallel to the pavement?
-  Does your vehicle restrict visibility at a junction that might endanger other drivers, pedestrians or cyclists?
-  Is your vehicle blocking a dropped kerb intended for pedestrians and wheelchair users, or parked on double yellow lines? It is an offence to park in restricted areas and you may be liable for a Penalty Notice fine.
-  20mph is the main speed limit in this area, please consider this when you leave.
A little bit slower is a whole lot better.

Thankyou for your co-operation

Raising awareness on traffic and parking issues, to improve the health and safety for all that live, work and play in our neighbourhood.
