

## TEMPLATE LETTER/MESSAGE TO SEND TO MAYORAL/COUNCIL CANDIDATES

Dear \_\_\_\_\_

### **PLEASE RESOLVE UNREGULATED AND UNSAFE PARKING**

I live in the BS\_ area and seek your commitment – if elected – to resolving the growing problem of unregulated, unenforced and unsafe parking here.

Pavement parking, parking across dropped kerbs and street corners, and parking on double yellow lines, make it difficult for parents with buggies, people with mobility and sensory impairments and wheelchair users to navigate some streets in our area. Increasingly they have to resort to venturing out into the road in order to get by.

Our streets are less safe as a result of the Council failing to address such traffic and parking problems through schemes like Residents' Parking Zones.

I would be grateful if you would tell me that you will commit to addressing this issue, and that you will involve the local community in doing so.

Thank you.
